

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed, inhaled, or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wear long sleeved shirt, long pants, shoes plus socks and chemical resistant gloves made of any waterproof material when mixing or handling concentrate. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a Poison Control Center or doctor. Do not give anything to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for further treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

DIRECTIONS FOR USE

FIRST CHOICE NO FOAM A is used to give optimum wetting and spreading of insecticides, miticides, fungicides, herbicides and growth regulating hormones. FIRST CHOICE NO FOAM A may be used on agricultural, forestry, turf and ornamental, industrial, structural and non-cropland sites.

FIRST CHOICE NO FOAM A is formulated from materials which do not tend to burn foliage or leave harmful residues. Use of correct quantity for smooth wetting reduces the possibility of spot injury from large pesticide droplets.

Read and follow the precautions, restrictions and recommendations on the labels of pesticides used with FIRST CHOICE NO FOAM A. Use according to the most restrictive label directions for each product in any tank mix.

COMPATIBILITY: FIRST CHOICE NO FOAM A is compatible with most pesticides. However, if the desired combination has not been previously used, a compatibility test is recommended.

NO FOAM A

SPREADER • ACTIVATOR

NONIONIC SURFACTANT FOR TERRESTRIAL/AQUATIC USE SITES

PRINCIPAL FUNCTIONING AGENTS:

Alkyl phenol ethoxylate, Isopropanol,
and Fatty acids 90%

CONSTITUENTS INEFFECTIVE AS

SPRAY ADJUVANT: 10%

TOTAL: 100%

CA Reg. No. 11656-50086-ZA

KEEP OUT OF REACH OF CHILDREN CAUTION

See side panel for additional Precautionary Statements

FIRST CHOICE is a registered trademark of Western Farm Service, Inc.

NET CONTENTS: 5 GALLONS / 18.9 LITERS

Manufactured for:

WESTERN FARM SERVICE, INC.

P.O. Box 1168 • Fresno, CA 93715

MIXING: Shake well before using. Fill spray tank ½ full of water and begin agitation. Add the recommended amount of FIRST CHOICE NO FOAM A. Add products as directed by label or in the following sequence and continue filling tank: (1) Dry flowables or water dispersing granules, (2) Wetttable powders, (3) Flowables, (4) Solutions, (5) Emulsifiable concentrates. Continue agitation until spray solution is completely mixed. Continuous agitation of finished spray is recommended. If spray solution has been allowed to stand, thoroughly agitate and remix before application.

RECOMMENDATIONS: Proper quantity to use will vary with the type of equipment, water volume per acre, temperature, type of foliage to be wet, and the pesticide formulation. Also, higher rates than those below may be used if recommended by pesticide labeling. Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume.

AIR or GROUND: Use 4-32 fl.oz. per 100 gallons of finished spray solution. For improved efficacy, use at least 4 fl.oz. per acre when finished spray volume is less than 20 gallons per acre. For backpack or hand held sprayers, use ½ fl. oz. per gallon of finished spray solution.

FOR USE WITH AQUATIC HERBICIDES: Use 1-2 quarts per 100 gallons of finished spray solution. Consult the pesticide label for proper rates and volumes.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Store in original container away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

CONDITIONS OF SALE AND WARRANTY

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use, storage or handling of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. These risks include, but are not limited to, damage to plants, crops and animals to which the material is applied, failure to control pests, damage caused by drift to other plants or crops, and personal injury.
