### GENERAL INFORMATION

FIRST CHOICE 20-5-5 is a high quality 3 to 4 month topdress fertilizer with IB Nitrogen and micronutrients. IB Nitrogen is a slowly soluble nitrogen source with release controlled primarily by moisture. Temperature has no substantial effect on IB Nitrogen release, giving growers excellent safety and performance under a wide range of growing conditions.

FOR HOME & GARDEN AND COMMERCIAL USE

### APPLICATION PRECAUTIONS

The application rates listed are only guidelines used in developing a fertilizer program. The rates may not apply to your local growing conditions. It is the growers decision to determine the appropriate application rates. Trial this product before use under your local growing conditions, application methods and desired rates. Adjust irrigation volume and frequency to maintain appropriate soluble salt levels. Do not soil incorporate this isobutylidene diurea based slow release fertilizer. Iron and other plant nutrients can cause staining of cement. Avoid mounding of fertilizer against base of plants. Store in a clean, cool, dry place.

### TOPDRESS APPLICATION RATES (grams)

Container	Low	Medium	High	Measuring Units (level)
1 gallon	5	7	9	1 tsp. = 4 grams
2 gallon	10	15	19	1 tbsp. = 12 grams
5 gallon	27	41	54	¼ cup = 46 grams
7 gallon	39	58	78	½ cup = 93 grams
15 gallon	54	81	108	1 cup = 185 grams

**LANDSCAPE BEDS:** Uniformly apply to surface of soil 8 to 10 pounds of First Choice 20-5-5 per 1,000 sq. ft.

**DRIP ZONE (FIELD PLANTS):** 3 feet = 42 grams, 4 feet = 85 grams, 5 feet = 136 grams, 6 feet = 190 grams.

### CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use, storage or handling of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. These risks include, but are not limited to, damage to plants, crops and animals to which the material is applied, damage caused by drift to other plants or crops, and personal injury.
