### Premium Custom Grower Formulation For Asparagus

**READ ENTIRE CONTAINER LABEL BEFORE USING THIS PRODUCT**

#### GUARANTEED ANALYSIS:

Total Nitrogen (N) ..... 6.0%  
 Available Phosphoric Acid (P<sub>2</sub>O<sub>5</sub>) ..... 10.0%  
 Soluble Potash (K<sub>2</sub>O) ..... 6.0%  
 Sulfur (S) ..... 0.12%  
 Iron (Fe) ..... 0.35%  
 Zinc (Zn) ..... 0.35%  
 Derived from urea, ammonium polyphosphate, ammonium nitrate, potassium nitrate, phosphoric acid, potassium hydroxide, ferrous ammonium citrate, ferrous sulfate, zinc sulfate and zinc EDTA.

#### ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:

Humic acid derived from leonardite.

NET WEIGHT: 10.31 lbs./gallon

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

**This product intended for  
AGRICULTURE USE ONLY.**

Avoid skin and eye contact. Inhalation of sprays or mists may be harmful. Wear gloves and goggles. Do not get in eyes, on skin, or clothing. Avoid breathing splash, sprays or mist generated from this material. Store in a tightly closed container. Wash thoroughly after handling. If spilled on skin or splashed in eyes, rinse affected area for at least 15 minutes with clean water. Use in well ventilated area. In the event of a spill, clean up promptly using trained personnel and pre-planned procedures or contact CHEMTREC at (800) 424-9300 for assistance.

State of Washington

After July 1, 1999 information received by the Washington State Department of Agriculture regarding the components in this product is available on the internet at <http://www.wa.gov/agr/>.

#### GENERAL INFORMATION

**First Choice Asparalux** is a concentrate liquid foliar fertilizer specifically designed to meet the nutrient requirements of asparagus as part of a balanced nutrient management program.

**First Choice Asparalux** is formulated with high quality ingredients to provide rapid entry into actively growing plant tissue.

Additionally, **First Choice Asparalux** contains a well-balanced complement of micronutrients, essential for plant growth.

#### DIRECTIONS FOR USE

For all varieties of asparagus apply **First Choice Asparalux** at the rate of 2 gallons per acre by ground in a minimum of 20 gallons of water per acre.

Aerial application: Apply 2 gallons of **First Choice Asparalux** per acre along with 1 to 5 gallons of water per acre.

For best results, make 3 or more applications of **First Choice Asparalux** at 2 gallons per acre after fern growth has begun. Allow 2 weeks between applications. **First Choice Asparalux** is compatible with most crop protection chemicals registered for use on asparagus.

#### PRECAUTIONS

ALWAYS CONSULT your crop advisor or field sales person for their recommendation on matters of proper rates, crop sensitivity, timing of application and tank mix compatibility.

#### APPLICATION PRECAUTIONS

User should exercise caution to avoid potential foliar burning. Caution is advised if applying this product in combination with other materials since mixing could result in a potentially hazardous or undesirable reaction caused by product incompatibilities. A compatibility test is recommended before tank mixing with other products. The pH of the final spray solution should be checked and an appropriate amount of the solution should be applied to a small area of the intended crop to ensure plant compatibility prior to the planned application. Use assumes full responsibility to ensure product, equipment and plant compatibilities.

#### CONDITIONS OF SALE AND WARRANTY

1. Seller warrants that this material conforms to the chemical description on the label and is reasonably fit for use as directed hereon. Seller neither makes nor authorizes any agent or representative to make, any other warranty of FITNESS or of MERCHANTABILITY, guarantee or representation, express or implied, concerning this material.
2. Critical and unforeseeable factors beyond seller's control prevent it from eliminating all risks in connection with the use of chemicals. Such risks include, but are not limited to damage to plants and crops to which the material is applied, lack of complete control and damage caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit for the uses stated hereon, and even though label directions are followed. Buyer and user acknowledge and assume all risks and liability (except those assumed by seller under 1. above) resulting from handling, storage and use of the material.
